SUPPLEMENTARY INFORMATION:

I. Background

In accordance with the Privacy Act of 1974, 5 U.S.C. § 552a, the Department of Homeland Security (DHS) United States Coast Guard proposes to update and reissue a current DHS system of records titled, “DHS/United States Coast Guard-012 Request for

Remission of Indebtedness System of Records.” The collection and maintenance of this information will assist DHS/USCG in meeting its statutory obligation to address requests of remission of indebtedness for active duty enlisted USCG personnel. The DHS/USCG-012 Request for Remission of Indebtedness System of Records will allow the Department of Homeland Security/United States Coast Guard to collect and preserve the records regarding the remission of indebtedness. As a result of a biennial review of the system, the system manager and address category has been updated to reflect the new office symbol and mailstop.

Consistent with DHS’s information-sharing mission, information stored in the DHS/USCG-012 Request for Remission of Indebtedness System of Records may be shared with other DHS components that have a need to know the information to carry out their national security, law enforcement, immigration, intelligence, or other homeland security functions. In addition, information may be shared with appropriate federal, state, local, tribal, territorial, foreign, or international government agencies consistent with the routine uses set forth in this system of records notice. This updated system will be included in DHS’s inventory of record systems.

II. Privacy Act

The Privacy Act embodies fair information practice principles in a statutory framework governing the means by which Federal Government agencies collect, maintain, use, and disseminate individuals’ records. The Privacy Act applies to information that is maintained in a “system of records.” A “system of records” is a group of any records under the control of an agency from which information is retrieved by the

name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined to encompass U.S. citizens and lawful permanent residents. As a matter of policy, DHS extends administrative Privacy Act protections to all individuals when systems of records maintain information on U.S. citizens, lawful permanent residents, and visitors.

Below is the description of the DHS/USCG-012 Request for Remission of Indebtedness System of Records.
